Attachment to:
EIC-M-80

1 July 1959

MEMORANDUM FOR: Chairman, Scientific Intelligence Committee

25X1X7

SUBJECT: Action by the EIC Pertaining to Future [REDACTED]
Electronics Conferences

REFERENCE: Memorandum from Chairman, EIC Subcommittee on
Electronics and Telecommunications, to Chairman,
SIC Subcommittee on Electronics, dated 28 May
1959, same subject

1. The members of the Economic Intelligence Committee (EIC) at a meeting of 24 June reviewed the referenced memorandum, concurred in the recommendations in paragraph 4 of that memorandum, suggesting at the same time that a more appropriate wording of paragraph 4.c. would have been that the economic and scientific/technological discussions should be "integrated to the greatest possible extent and with full recognition of mutual interests," and agreed that these actions by the Committee should appropriately be brought to your attention.

25X1X700090016-1
2. I should like to request that this memorandum and the thinking incorporated in the referenced memorandum be fully taken into account when papers and recommendations relating to the next [REDACTED] Electronics Conference are being prepared, particularly those for submittal to the USIB. I would like to suggest further that at least the Chairman of the EIC Electronics and Telecommunications Subcommittee be kept fully advised of developments in regard to such a conference.

/Sgd./
OTTO E. GUTHE
Chairman
